THOUSAND POOLAS PRESENT REQUEST

No Threat of a Strike Is Made, Because Such Action Would Injure Nation

> SHIPPING BOARD WILL PASS ON THE DEMAND

> Stevedores Say Increased Cost of Living Makes Increase Necessary

Differing distinctly from former suc-Seasful demands for wage increases, with no threat of a strike included, bemore stevelores of Honolulu have made a formal request to McCabe, Hamilton & Renny that their present pay be increased from thirty five cents to forty five cents an hour.

As ultimately the increased cost of handling freight in Honolulu, caused and notes he had made of events as that he steemed hand have for he paid by the United From his testimony it was evident. The nones was in neglect for murder. States government, it is explained that while the request of the poolas is insistent no strike or tib up of shipping

ing interests to whom the request of office, the poolas was made say that the In representatives of the waterfront leeces alone on the admitted fact of the in-

of the government, it is a poculiar fact that the request of the Honolulu stevedones may be eventually defined or aproved by the officials in Washington. Luras Act For Men

No organization, it is said, present ed the stevedores' wage increase demand, but lunes in charge of the varions gauge of pooles acted for the men under them, and four or five days ago the formal request was made to Me-Cate, Hamilton & Renny, their principal employer in Honolulu for more

This firm passed the request of the stevedores up to the heads of the Ho-nolulu shipping agencies, who after a conference, decided also to pass it up to higher authority for a decision. The chipping agency men have referred it to the Hosofulu shipping adjustment commission, which is composed of E. quartermaster department, and the president of the Honolulu Stevedoring President Wilson Disapproves of

If an agreement is reached, recommendations will then be made to the shipping board from perhaps later to the head shipping board officials in Washington. However, it is asserted that there is little doubt but that there is little doubt but that the same will follow whatever recommendations will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will follow whatever recommendations are mide by the local adjustment will recommend the following the produced for manufacture of the first was brought to me the document nor was of coal for the first when it was brought to me the document nor was of coal for the first when it was brought to me the document nor was of coal for the first when it was brought to me the deciment mean the first when it was brought to me the deciment of the first will be tooled from further entry into the service of the army.

CASE OF CHAPLAN

FEINLER MYSTERY

ngreement is not reached by the act, tuguese girl with whom he had been peculation to both the stevedores and

the Honolulu shipping men. The present request of the Honolu-In stevedores is the third one made in less than two years for more wages. In September 1916, the stevedores were out on strike for about two weeks, af ter which their pay was raised from two dollars a day to \$2.70. In June, 1917, another demand for more pay compromise reached before a strike was called. By this compromise the wage basis of a ir day at \$2.70 a day was ty five cents an hour allowed the steve dures. Now an increase of ten cents

an hour is asked. While there probably are not more took away his weapon, than 100 men steadily employed on the Honolulu waterfront as stevedores, lientenant last year. there are at present 1050 waterfront federal passes out, which are held by men who work all or part of the time

at severaloring. There is no race distinction in the single increase request of the poolas, as the extra pay is asked for the Ha warrans, Filipinos, Japanese and men of all other races who work as steve
